American Institutes for Research at the American Educational Research Association Annual Meeting (Virtual) | APRIL 8–12, 2021
Established in 1946, the American Institutes for Research® (AIR®) is a nonpartisan, not-for-profit organization that conducts behavioral and social science research and delivers technical assistance both domestically and internationally in the areas of education, health and the workforce. AIR’s work is driven by its mission to generate and use rigorous evidence that contributes to a better, more equitable world. With headquarters in Arlington, Virginia, AIR has offices across the U.S. and abroad. The AIR family of organizations includes IMPAQ, Maher & Maher, and Kimetrica. For more information, visit air.org.

To learn more about career opportunities at AIR, visit air.org/careers. For general information, email airinquiry@air.org.
Meet Us Virtually at AERA

Nearly 60 experts are representing AIR during this year’s annual AERA meeting, which is being held virtually. This booklet identifies the sessions during which AIR experts are presenting.

AIR is one of the world’s largest behavioral and social science research and evaluation organizations. Our overriding goal is to use the best science available to bring the most effective ideas and approaches to enhancing everyday life. For us, making the world a better place is not wishful thinking. It is the goal that drives us.

We welcome you to attend one of the many sessions in which our staff are participating.

ABOUT THIS BOOKLET

For your convenience, this booklet is organized in three sections:

- Index of presentations by date and time
- Index of presentations by topic
- Index of professional development courses

AIR staff are listed alphabetically.

* AERA is hosting professional development courses on April 13–16, after the annual meeting. See index for specific dates and times of courses involving AIR staff.
